Classical Curriculum

At the logic stage, students are encouraged to question, debate, and discover connections as they begin to read the Great Thinkers of Western Civilization. Students complete the Core Knowledge sequence begun in the Elementary School. Active exchange fosters in the students the importance of rigor and clarity in their writing and speaking. That clarity most perfectly culminates in the study of theology.

History/National Recognition

Founded in 1987, Holy Rosary Academy is an independent Catholic school recognized as a member of the Catholic school system of the Archdiocese of Anchorage and accredited by the National Association of Private Catholic and Independent Schools (NAPCIS). The Cardinal Newman Society has recognized Holy Rosary Academy as a School of Excellence.

Mission

Holy Rosary Academy seeks to complete what the attentive parent has begun by forming students in faith, reason, and virtue through a classical education in the Roman Catholic tradition.
